

## INVENTORY OF HAZARDOUS MATERIALS (IHM)

As of Jan 1<sup>st</sup> 2021, all EU-flagged ships or third-country flagged vessels, when visiting EU-ports, are required to have a verified Inventory of Hazardous Materials (IHM) onboard.

Inventory of Hazardous Materials was introduced in 2009 Hong Kong Convention for the Safe and Environmentally Sound Recycling of Ships and amended by EU Ship Recycling Regulation (SRR) 1257/2013, as a structured system to control hazardous materials onboard ships and achieve compliance with the Hong Kong Convention for the Safe and Environmentally Sound Recycling of Ships.

ICS SOLIX™ organizes an Inventory of Hazardous Materials (IHM) Informative Training Seminar, at MARRIOTT ATHENS Hotel, on Tuesday, December 3<sup>rd</sup> 2019, 17.00 to 21:00 LT.

Seminar aims to facilitate proper understanding, regarding IHM Preparation, Development and Maintenance, utilizing all available information.

For availability and registration, contact [info@ics-solix.com](mailto:info@ics-solix.com) or check [www.ics-solix.com](http://www.ics-solix.com).

**HALF PRICE**

Registration Fee

€ 100,00

excl. taxes

### Availability & Registration

Closing date for registration is Nov 20 2019.

For registration, availability and/or other information, contact [info@ics-solix.com](mailto:info@ics-solix.com)

## IS THIS COURSE FOR ME?

This course is ideal for Shipping Companies Personnel (DPA, Superintendents, Fleet Managers, Purchasing).

It has been specifically developed in order to provide specific guidance for the Development of the Inventory of Hazardous Materials (IHM), in line with 2009 IMO Hong Kong Convention (SR/CONF/45), EU Ship Recycling Regulation (EU SRR) 1257/2013 and related Guidelines.

## WHAT WILL I LEARN?

This seminar will give you knowledge and understanding in following areas:

**IHM Understanding:** What is an IHM?

**IHM Development:** How an IHM is developed?

**IHM Maintenance:** How I keep an IHM up-to-date?

Participation will be confirmed with the awarding of a competent certificate
